

Cloud Based E-Commerce Platform

BS - Software Engineering

Instructor: Dr Znnurain Hussain

Teaching Assistant: Umair Makhdoom

Members:

Muhammad Zubair Akhter

Muhammad Numan Tahir

Problem Statement:

Many businesses lack an efficient and scalable online platform for selling products and managing orders.

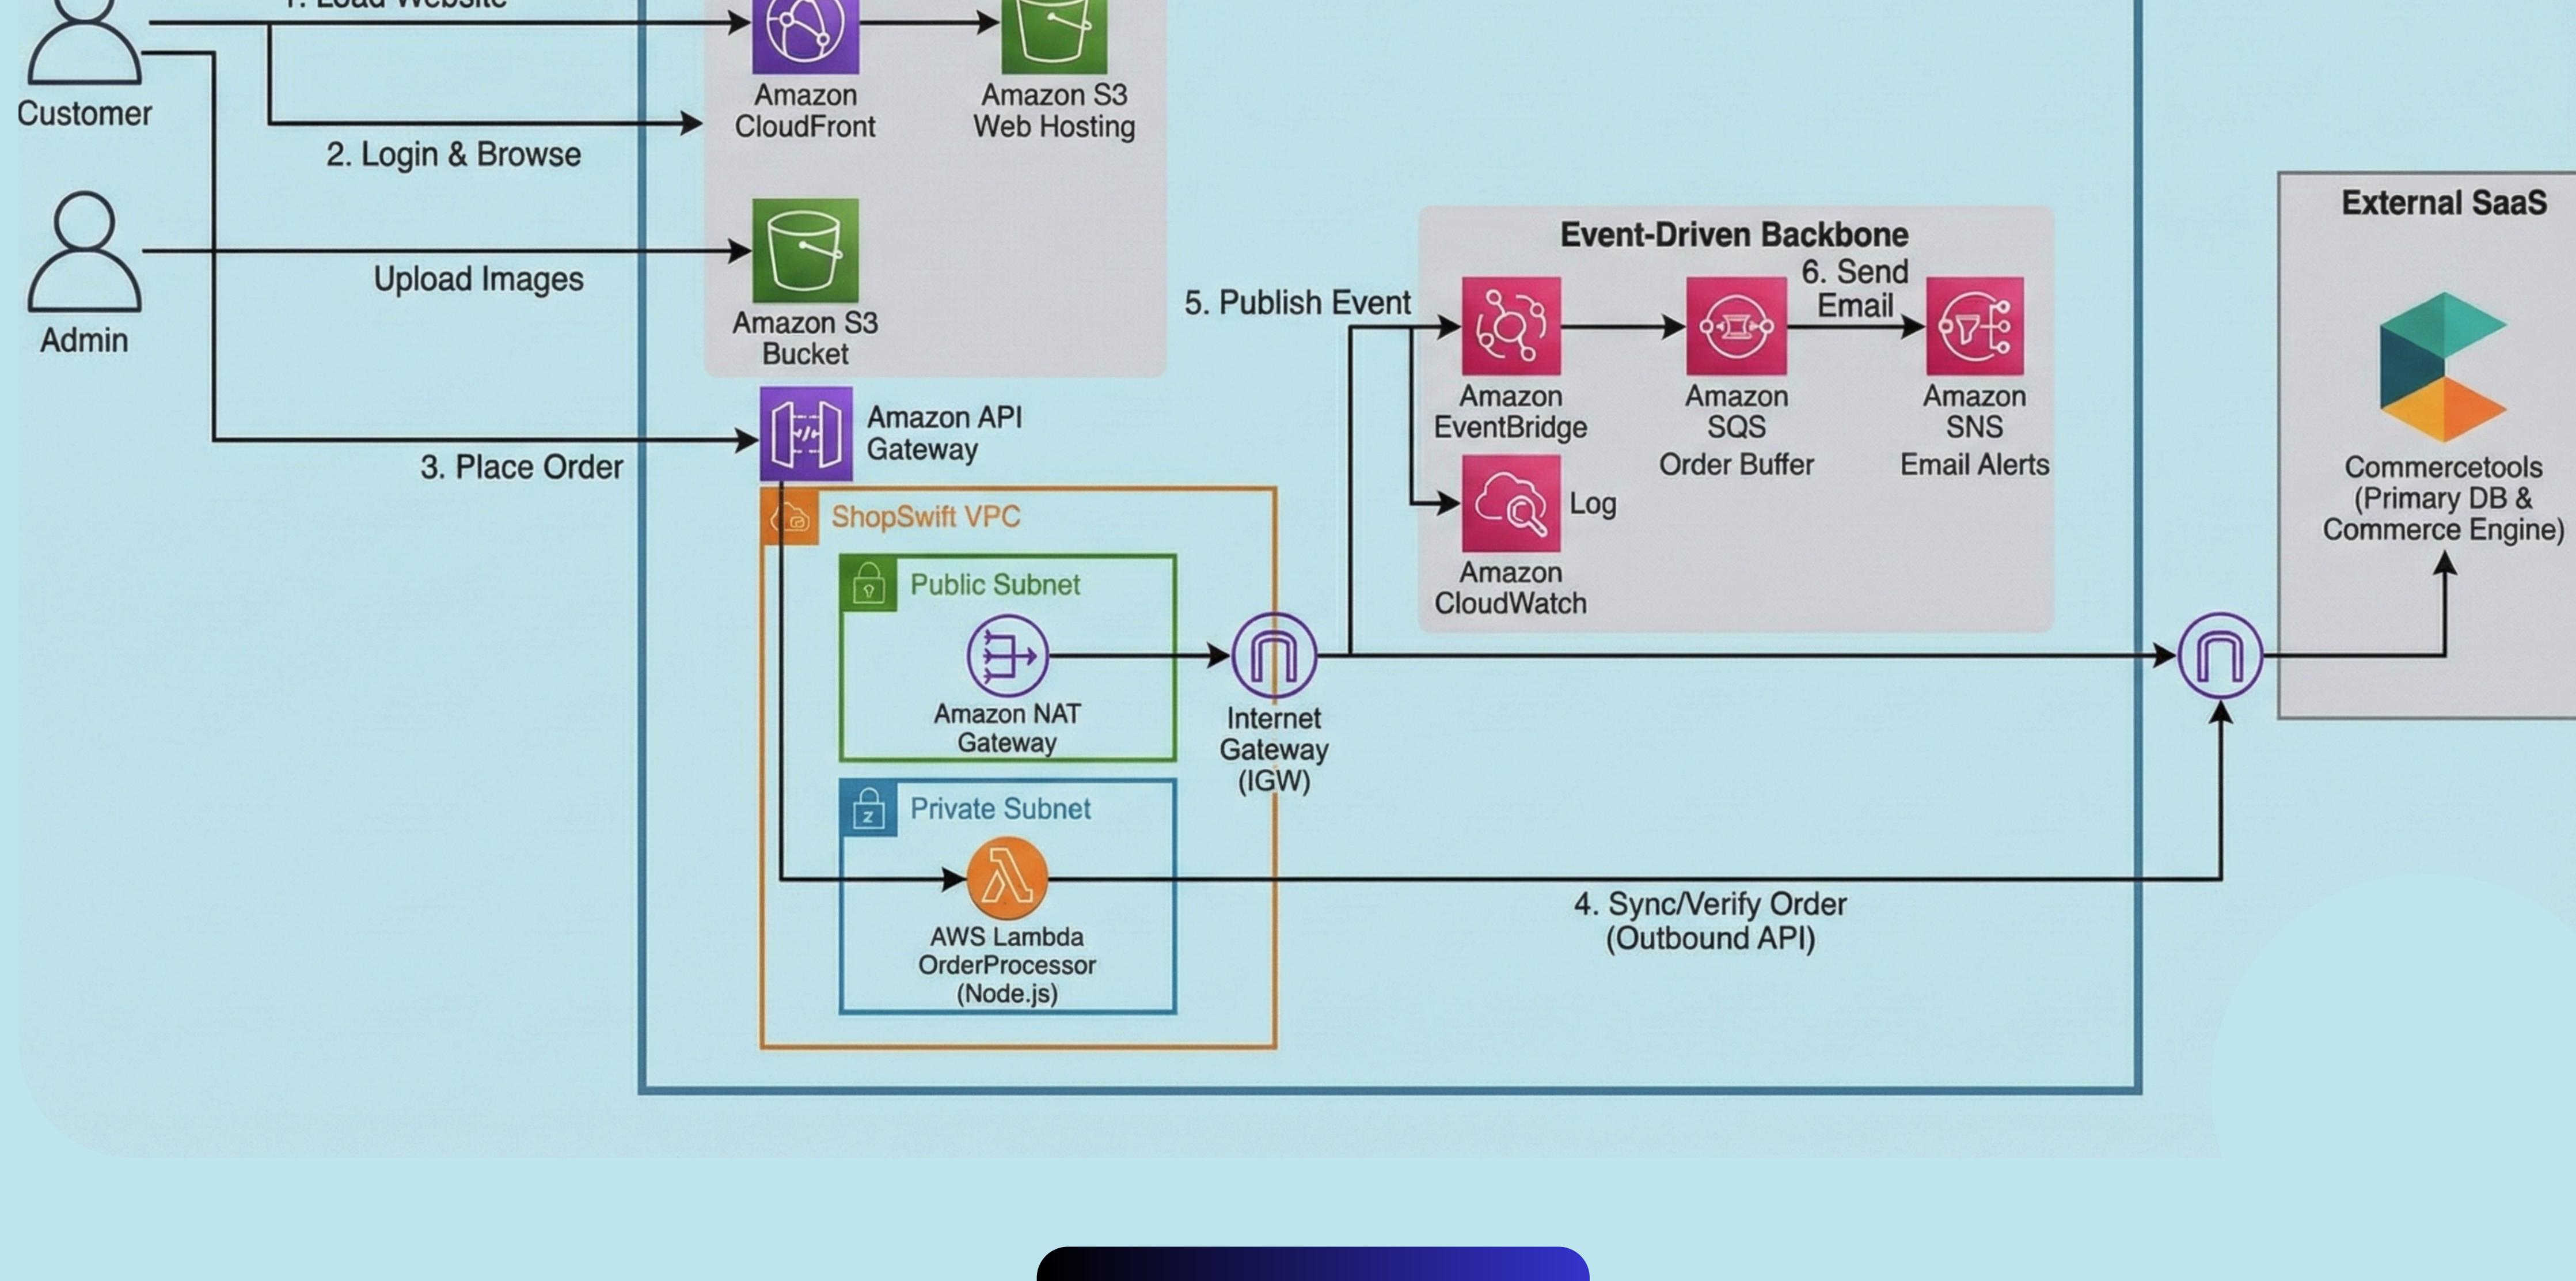

Objective:

The objective of this project is to build a secure and user-friendly e-commerce website that allows users to browse products, add items to cart, and place orders online easily.

Features

- User Registration & Login
- Product Catalog
- Search & Filters
- Shopping Cart
- Secure Payment Gateway
- Order Tracking
- Customer Support
